

PETITION AGAINST PRIVATISATION OF POWER STATIONS AND ELECTRICITY RETAILERS

Greg Piper

Independent Member
for Lake Macquarie

Do you want to risk paying more for privatised electricity?

- Privatisation is not good for consumers
- Privatisation is not good for electricity workers
- Private companies will not explore alternative clean, sustainable energy
- Privatised electricity will result in more dirty coal-fired power stations
- Sale proceeds may benefit the short-term interests of the Government, but will threaten the long-term interests of the people of NSW
- The State Government will lose around \$1.2 billion a year in revenue
- Residents are being denied their democratic rights as this is taking place with ...

NO public OR parliamentary debate!
